USER MANUAL

Thank you for purchasing the FENiX Pro vaporizer!

Before your first use of the device, read and follow the instructions carefully. It is recommended that these instructions are put in a safe place for future reference.

Warnings and precautions:

The device is for aromatherapy and is not for the use of illegal substances and may only used by adults over 18 years. It is not suitable for children, pregnant and lactating women, also not for people experiencing health problems. Keep away from children and pets. Any other use is inadmissible. The manufacturer/importer accepts no responsibility for damages caused by inappropriate, wrong or unreasonable use. Never use electronic devices near water. Never block or cover ventilation openings. Only use accessories which are also available from manufacturer and released for this product. Maintenance and repair should only be carried out by qualified personnel. To avoid electric shock, do not open the device by yourself. For safety reasons it is only allowed to have the device opened by qualified personnel. As long as the device is in

operation, do notleave it unattended. Seek medical help when adverse physical reactions occur during or after use.

CAUTION! Some parts - especially the Filling chamber - can get very hot. Do not touch or clean these parts until they have completely cooled down.

Disposal:

Please dispose of the product in an environmentally friendly and responsible manner. In the interests of environmental protection, this device must not be disposed of with household waste. Disposal can be made through locally available return and collection systems.
